Confirmation Reach 1907/2006/EC

We hereby certify that Kelheim Fibres GmbH has successfully implemented all the requirements of the European chemicals regulation REACH 1907/2006/EG in the company processes.

Kelheim Fibres GmbH ensures that the aspects of registration, approval, evaluation and customer information have been fully taken into account.

A full overview of all substances handled in our company was compiled by our internal department "Corporate Social Responsibility" and these substances were scrutinised regarding their relevance under REACH. The necessary registrations have been carried out completely and in due time.

Further on we can confirm that none of the substances listed in any candidate list (status: 17/01/2023), are present in our fibres in a concentration higher than 0.1 % by weight.

This new form of verification is in line with our compliance rules.

Don't hesitate to contact us for further questions.

Best regards
Kelheim Fibres GmbH
